Q) To do List
   Add a Task
   Remove the task
   Display the task in webpage

```html
Task.html > ⬡ html > ⬡ head > ⬡ style > li
1    <!DOCTYPE html>
2    <html lang="en">
3    <head>
4        <meta charset="UTF-8">
5        <title>To Do List</title>
6        <style>
7            li {
8                display: flex;
9                justify-content: space-between;
0                width: 150px;
1                margin-bottom: 8px;
2            }
3        </style>
4    </head>
5    <body>
6
7    <h1>To do List</h1>
8
9    <input type="text" id="taskInput" placeholder="Enter a task">
0    <button onclick="addTask()">Add</button>
1    <ul id="taskList"></ul>
2
```

```html
<ul id="taskList"></ul>
<script>
    Windsurf: Refactor | Explain | Generate Function Comment | ✕
    function addTask(){
        let input = document.getElementById("taskInput");
        let taskText = input.value.trim();
        if (taskText === ""){
            alert("Please enter a task");
            return;
        }
        let li = document.createElement("li");
        li.textContent = taskText;

        let deleteBtn = document.createElement("button");
        deleteBtn.textContent = "Remove";
        Windsurf: Refactor | Explain | Generate Function Comment | ✕
        deleteBtn.onclick = function(){
            li.remove();
        };
        li.appendChild(deleteBtn);
        document.getElementById("taskList").appendChild(li);
        input.value = "";
    }
</script>
</body>
</html>
```

Output

To do List

Enter a task | Add

play cricket | Remove

project | Remove
